Prepare your notebook

The first page of your notebook gets lots of wear & tear, so go to the 2nd page and start numbering the pages, including the backs. Number them up to page 6. The 1st numbered page will be your title page.

Table of contents

Go to page number 3 and label it, "Table of Contents." As you answer questions and do activities in this web search, continue to number the pages in your notebook and add them to your table of contents.

Map it out

Download and print the [map of North and South America](#). You'll be labeling places mentioned throughout the book on this map. Tape or glue the map to page 6.

Glossary

There will be words throughout the book you'll be adding to a glossary. You'll also look up the definitions of those words. Go to the back of your notebook and count inward 5 pages. Label this page, "Glossary." Use a post-it note to make a tab for this page so it's easy to find. You'll be numbering these pages and adding them to your table of contents last.

Whenever you can, buy a copy of any book you're reading for an assignment. That way, you can highlight important parts and write notes in the margins.

Words and phrases throughout this web search that are written in blue and underlined are links to documents or webpages. Just click on them!
